PROFESSIONAL SUMMARY

Detail-oriented and motivated Software Tester with a strong foundation in manual and automation testing concepts. Proficient in Core Java, Object-Oriented Programming, SQL, and testing methodologies with hands-on experience in test case design, defect tracking, and application validation. Adept at identifying defects, ensuring software quality, and collaborating with cross-functional teams to deliver reliable and user-focused solutions. Eager to contribute to high-quality software development while continuously enhancing testing and technical skills

TECHNICAL SKILLS

Testing Skills: Manual Testing, Test Case Design & Execution, Basic understanding of Katlon Studio, Defect Reporting & Tracking, Test Planning & Test Scenario, Agile/Scrum Methodologies, Basic API Testing

Languages: Java, SQL

Tools: Katalon Studio, Jira, Exel, Postman

Domain Knowledge: Insurance Domain(Policy management, Claims, Premiums-Basic Understanding)

EDUCATION

JECRC University	2022-2026
B-Tech Computer Science Engineering - CGPA:8.37	Jaipur, India
Beacon Public School	2022
Senior Secondary Education (RBSE) - 88.80%	Jaipur, India
Beacon Public School	2020
Secondary Education (RBSE) - 89.83%	Jaipur, India

EXPERIENCE

Graduate Engineer Trainee	Dec 2025 – Present
Coforge Limited	Noida, India
- Performed manual testing on 3+ application modules, executed test cases and regression scenarios, identified and reproduced defects, wrote clear bug reports with reproduction steps, and validated fixes across environments. - Logged and tracked 15+ bugs using Jira, prioritized and labeled issues by severity, linked tickets to test cases, collaborated with developers to verify patches and resolve defects, and supported multiple test cycles while preparing concise reports.	

PROJECTS

Password Strength Checker
- Developed a responsive web application that evaluates password strength in real-time based on criteria such as length, character variety, and common patterns. - Implemented visual indicators and feedback messages to guide users toward creating secure passwords.
College Management System
- Built a full-stack web application for managing college operations. - Developed the frontend using HTML, CSS, and JavaScript with a responsive UI. - Integrated MySQL to manage student, faculty, course, and event data.

CERTIFICATES

- Certified Ethical Hacker(EC-Council)
- Certified Network Defender(EC-Council)
- Certified Secure Computer User(EC-Council)
